Monday, June 16, 2025

6:00 p.m. CST

Scan the QR code or visit focalpointchicago.org for information on the virtual meeting. **A Spanish interpreter will be available.**

WHO

Saint Anthony Hospital
Chicago Southwest Development Corporation
Environmental Remediation Contractor

ABOUT THE FOCAL POINT COMMUNITY CAMPUS

Focal Point Community Campus is a 30-acre mixed-use development that will provide improved access and opportunity to quality healthcare, wellness and other community programs and services.

WHY

The first phase of environmental remediation at the southwest corner of W 31st Street and South Kedzie Avenue will focus on the cleanup of the contaminated 11 acre former Washburne Trade School parcel. Part of the cleanup is funded by a U.S. Environmental Protection Agency (EPA) grant.
